### Vikings Still In First Place Tie In Northern C Cage Conference

With a hair-raising win over the Charlevoix Rayders here last Friday night, the Grayling Vikings held in a first place tie with the Boyne City Ramblers in the Northern Class C Conference basketball race.

Boys continued their winning ways Friday with a 48 to 40 triumph over the Grayling Blue Devils and Pellston. The Manicella Ironmen 55 to 38. The scheduled East Jordan Red Devils and Harbor Springs Rams contest was postponed due to bad road conditions and will be played at a later date.

This week the Vikings played at Grayling Tuesday night for a conference game which could prove a very rough one and then come home to entertain the Manicella Ironmen in a game that will mark the start of the second round of season play. Grayling is considered the favorite in both games.

Friday night's game here was decided in the final two seconds of play and then on a ruling from the referee. Grayling trailed 13 to 12 at the end of the first frame and were behind 25 to 22 at half-time. They fell further behind 41 to 36 at the end of the third frame and an 18 to 12 fourth period brought them victory.

With a scant seconds to go, Tom LaMotte deflected the ball as it was thrown in by Charlevoix. It went straight into the hands of Jim Johnson who dropped it in for a 54 to 53 lead for Grayling.

Officials ruled the ball LaMotte had been on the floor in the foul lane. Charlevoix' next pass into play was a long one and went out of bounds. Grayling passed the ball into play fast and which hit the rim and then the officials called one of the Charlevoix players for goal tending and allowed the basket which won the game.

Grayling with 18 points on a 7 and 4 led the Viking scoring that night with Tim Neal with 14 and Johnson with 10 also both in the double figures. Tom Wright added 8 and Charlevoix' 4, J. Pearl and Majors with 13 each were high for Charlevoix.

Grayling scored on 23 field goals and 8 out of 17 free throw attempts. They were out for 19 personal fouls and lost due to the services of Wright via the foul route. The Rayders hit 21 times from the field and added 11 out of 20 from the free throw line. They were out for 14 personal fouls. Wright with 14 and Neal with 14 were high in the rebound column.

On Tuesday last week, the Vikings took the measure of the Manicella Ironmen in a non-conference game. Grayling took a 9 to 4 first period edge and built it to a 22 to 7 halftime lead. The Bucks came back with a big 26 to 6 third frame to trail only 19 to 5 at the end of the second period. Grayling outscored the visitors 21 to 19 in the final quarter to win 54 to 38.

### Eagles Lose Pair Games

The Frederic Eagles lost a pair of games last week as they traveled to McBain Christian on Tuesday and to Albion on Friday.

On Tuesday night, Frederic won 27 to 19 in a close game. The Eagles scored in every quarter but the last which they took 20 to 18. The game stayed close throughout however. The Eagles were behind 41 to 33 at halftime with the final score 27-19. The Eagles' field percentage was good at 39 with free throw attempts at 75% on 21 out of 28 attempts. McBain Christian fielded a tall team with three boys over six feet and one at six feet. Scoring for Frederic were Redman with 19, Armstrong 14 and Alma 10, all in the double figures. Adding to the total were Wilson 9, Midkiff 9 and Harner 6.

On Friday night, the Eagles lost to the Albion 33 to 51. The first quarter score was 9 to 7 and the Eagles were behind 30 to 16 at halftime. Frederic outscored Albion 12 to 9 in the third frame and came within two points of winning the game. Each team scored 14 points in the final quarter. With three minutes to go, the score was tied at 47. Then Frederic missed three free throws in a row and fell behind 51 to 47. The final score was 51-33. Each year our expenses of sending out the annual letters to each G.H.S. Alumni are high. Last year our mailing cost \$52.00. We now have a working balance of \$25.00. Figure that one out for us!

Last year we founded the Roy O. Milnes Award. It was given to Tom Stampf as The Best All Around Good Citizen. The plaque hangs in the Alumni Room. This was a small beginning on our tenth year as an Alumni Association to become a group affiliated with the school and to give recognition to the students who are future members. Now we have set our sights on a bigger goal - we want to help students who are deserving of a higher education but cannot afford it. Our plan is for a loan, not a scholarship, so that when this is returned to the fund, another student may obtain the same help and maybe more than that will benefit. Our first donation to the Student Loan Fund came to us last year from Ella Hanson Wilcox. Anyone else who wants to help?

The Moose All Stars, Grayling's independent basketball team, split in a pair of games last week. On Tuesday night, they lost to a speedy Fairview team, 103 to 100 and came back on Saturday night to defeat Rennie Oil of Traverse City 81 to 81.

On Thursday night, Gary Springs was high for Grayling with 28 points followed by Ron Larson with 17, Wayne Winston 14, Doug Lott 12, Jerry Korhonen 12 and Roger Hatfield 10.

The game last Saturday night at the Grayling High gym, the Stompers defeated the Giants by one point, 14 to 13. Both of these teams are in the High School Junior League and will continue with their league play on Thursday night.

In the second game of the evening, a fast and determined Grayling Moose team jumped on the front to a 29 to 16 first quarter lead to stay. At halftime, the score was 53 to 34 and at the end of the third period, 76 to 56. Gary Springs, scoring with 30 points and also pulled in a lot of rebounds. Lott and Larson had 14 each, with Winston and Hatfield adding 12 each. Korhonen 10 and Doug Campbell 6.

The Moose wishes to thank the Jumbo League coaches and teams for taking part, the officials, scorers and timers for both games.

### Three Local Officers Attend Convention

Supervisor B. J. Fowler, Clerk R. M. Hayes and Treasurer E. R. Clark of Grayling Township, Michigan, attended the 9th Annual Michigan Township Association Convention held at the Jack Tar Hotel in Lansing, January 10-11 and 12, Wednesday.

Robert A. Eckardt, Chairman, Michigan Tax Commission, spoke on Assessments and Equalization. Allocated and other related matters of Valparaiso U. Auditor General spoke on Accounting for Public Funds. John C. Mackie, State Highway Commissioner covered the Highway program followed by Dan E. R. A. S. (State) Legislative Council, Michigan Farm Bureau on Farm Bureau Views on Con.

Thursday morning, Stephen S. Nisbet, President Con Con and Robert M. Montgomery, Director of Elections spoke. In the afternoon following the annual address from the Association Executive Director Joseph A. Parisi, Jr., John B. Swanson, Governor addressed the convention. In the evening the annual banquet was held with many legislators and delegates to Con Con as guests. Senator Frank Beadle was toastmaster. The speaker was Doctor for Arthur P. Kautz of Valparaiso U.

Friday was spent with committee reports. Considerable time was spent on the resolutions followed by election of officers.

Much information was gained through this convention as many question and answer periods were held. It proved to be a good opportunity to compare other townships and their problems with our own. We are proud to note that Crawford County is among the 14 counties with 100% township participation in the association.

Thursday evening following the banquet Supervisor Fowler met with our Con-Rep Delegate Elmer Naaka and other delegates for a general discussion on Con Con.

### Two High School Classes To Make Door To Door Button Sale Today

#### Winter Carnival Plans Begin To Roll

The senior and junior classes of Grayling High School working through their Student Council this week decided that it was their civic responsibility to offer aid to the committee who is attempting to promote Grayling.

The students' first step in this endeavor will be to make a door to door sale of winter sports buttons for the committee today (Thursday). The proceeds from the button sale will not be earmarked for winter sports promotion alone but will go into the committee's treasury to aid in all and every promotion to sell Grayling to the tourist and sportsman.

The buttons are designed to sell for \$1.00. Each button sold will net the class selling it 25c. The remainder after the buttons are paid for will go into the committee's account. The top salesman and second high will be honored with a cash prize from the committee.

This aid by the students will also help swell their class accounts which they are saving towards their senior trips and will also give them a good idea of community promotion and a feeling of doing something to aid Grayling.

Over 200 invitations to winter sports resorts and Michigan communities went out this week from the Chamber of Commerce office asking that Winter Queens be entered for the contest during the 37th annual Grayling Winter Sports Carnival set for February 10th and 11th. Replies will be sent.

### Uterine Cancer Toll Is High

During the year 1959, 611 women died of uterine cancer in the state of Michigan. Many of these deaths were needless, for uterine cancer, the second leading cancer killer among women, can be virtually wiped out with the aid of a simple detection examination, called the Papanicolaou test.

"No cancer is more easily detected, or more accessible for early and effective treatment," Doctor George W. Mills, director of the District No. 1 Health Department, announced.

"Why are we so interested in the Papanicolaou Test for Cancer?" asks Doctor Mills. "Because it has been established that this test will detect 90 per cent of the cervical cancers, in their early stages, when the percentage of cures is very high."

Previous experience has shown that about 7 of each 1000 women checked will have uterine cancer in the curable stage.

From January 15 to February 28, every woman over the age of 25 will have the opportunity to have the Papanicolaou test, during the Grayling Cervical Cancer Screening Program.

Each woman in both counties over 25 years of age is urged to make an appointment with her own physician. The test is a simple one, takes only a few minutes in the physician's office, and the results, which are confidential, are sent to the physician.

The usual cost of this examination is from seven to ten dollars for the office call plus five dollars for the cost of the laboratory work (reading and evaluating of the smear). During this program the medical doctors are charging only five dollars for the office call. The pathology department has reduced the charge for their lab work to three dollars during the program because of the quantity of smears to be read and this charge is being paid by the Michigan Department of Health. To sum it up the women who take part in this program are saving from seven to ten dollars and maybe their lives - time will tell.

Circulars are available at the drug stores and at the doctors' offices, which give directions to the women who plan to take advantage of the program.

### Pair Sentenced In Circuit Court

The two men were arrested by Sheriff Arthur Clough and the State Police on the charge.

Sheriff Clough said the two men would be taken to Jackson to begin serving their sentences sometime this week.

### Alumni Association Plans Student Loan Fund

The first regular meeting of the G.H.S. Alumni Association officers and directors was held November 14. From these meetings, plans are being made to establish a Student Loan Fund. This was discussed and agreed upon at last year's Annual Banquet by members present. We feel this could be a project that over a thousand possible members could well afford to undertake. But - out of that thousand possible members, only a very big percentage will. Not a very expensive membership either, is it?

Each year our expenses of sending out the annual letters to each G.H.S. Alumni are high. Last year our mailing cost \$52.00. We now have a working balance of \$25.00. Figure that one out for us!

Last year we founded the Roy O. Milnes Award. It was given to Tom Stampf as The Best All Around Good Citizen. The plaque hangs in the Alumni Room. ### Three Local Officers Attend Convention

Supervisor B. J. Fowler, Clerk R. M. Hayes and Treasurer E. R. Clark of Grayling Township, Michigan, attended the 9th Annual Michigan Township Association Convention held at the Jack Tar Hotel in Lansing, January 10-11 and 12, Wednesday.

Robert A. Eckardt, Chairman, Michigan Tax Commission, spoke on Assessments and Equalization. Allocated and other related matters of Valparaiso U. Auditor General spoke on Accounting for Public Funds. John C. Mackie, State Highway Commissioner covered the Highway program followed by Dan E. R. A. S. (State) Legislative Council, Michigan Farm Bureau on Farm Bureau Views on Con.

Thursday morning, Stephen S. Nisbet, President Con Con and Robert M. Montgomery, Director of Elections spoke. In the afternoon following the annual address from the Association Executive Director Joseph A. Parisi, Jr., John B. Swanson, Governor addressed the convention. In the evening the annual banquet was held with many legislators and delegates to Con Con as guests. Senator Frank Beadle was toastmaster. The speaker was Doctor for Arthur P. Kautz of Valparaiso U.

Friday was spent with committee reports. Considerable time was spent on the resolutions followed by election of officers.

Much information was gained through this convention as many question and answer periods were held. It proved to be a good opportunity to compare other townships and their problems with our own. We are proud to note that Crawford County is among the 14 counties with 100% township participation in the association.

Thursday evening following the banquet Supervisor Fowler met with our Con-Rep Delegate Elmer Naaka and other delegates for a general discussion on Con Con.

**Letters To The Editor**

Sebring, Fla.  
Crawford County Avalanche  
Dear Bob:  
So many of our friends and relatives have asked us to write. I'm afraid I can't get a note out to all of them so I'll write to you and you can put it in the paper. If you see fit and then they can all see it.

Dec. 23rd, Stopped in Grand Rapids to see our great grandson, Robert Warren Realy. Proceeded on to Kalamazoo and spent the next two days at our sons Arnold and Howard and families, had some bad driving conditions from Grand Rapids, ice, snow and blowing.

Dec. 26th, After spending two very enjoyable days with our sons and fam-

ilies, we left Kalamazoo at 8 a. m. as early as at home — we watched the sun set this evening from our kitchen window it was nearly 6:30 E.S.T. before all the rays disappeared — it was so beautiful Mom and I walked to the waters edge and stood and watched it till it was done.

Sebring is a friendly little town of 9500.

We have a nice landlady — nearly blind so we helped her clean our apartment.

Our best wishes to all at home for a nice New Year.

Sincerely,  
Dan and Leta Babbitt

Dec. 27th, There was a new fall of snow last night of nearly 2" so we didn't get started until 9 a. m. — the pavement was warm enough to melt the snow so the driving conditions were good. I saw a mocking bird and a meadow lark. Our good deed for the day was reporting to police a case where a young man lost a rear wheel from his truck of coal and turned over spreading coal over the highway. We are at "Shelbyville, Tenn."

tonight, nearly to Alabama border. We ate in a unique restaurant tonight called the "Saddle" there were old horse collars, bridles and pictures of horses all over the place — the place mats carried the report of the sale of land-slaves and farm produce of an estate dated back 1854.

Dec. 28th, Clear this A. M. got started at 7:45 — had a little ice on pavement on a long mountain grade — the highway men were salting it. Landed in Richland, Ga. late this P. M. — saw first flowers in bloom out side here, roses and pansies.

Jan. 1st, Lynn-Kurt is most unusual — it was named for the two daughters of the owner — the unusual thing however, is that we got a very beautiful room, free (new) TV, electric heat and bell hop service for \$8.00, twin beds too — and also a "Sleep House" that operates in conjunction served us a menu of choice of four meats and fowl, 2 vegetables, corn muffins and rolls, salad, soup and desert for \$1.00.

Dec. 29th, Rather an uneventful day, saw an old hen with a brood of chicks standing in a sprinkling of snow along the road, while I couldn't hear them, I imagine the little ones were hollering their heads off, they looked cold.

Dec. 30th, It's 29° this A. M. found it was as low as 24° in some places. Some of the flowers and other vegetation was burned.

Arrived at the Laages in Orlando at 10 A. M. they are both fine. Today the temperature got up to 50° in the shade, it was like a real nice day in October — I took a long walk — it was nice after riding so long.

Dec. 31st, Went to church and saw many of our friends.

Jan. 2nd, Left the Laages, arrived in Sebring at noon — called on Ray Snider, he was taking a sleep. Mrs. Snider was there — so we ate a lunch with her and had a little visit.

Jan. 8rd, We are located on beautiful Lake Jackson — it's some 2 miles wide by perhaps 3 long — we are on the east side and the Ray Sniders are just about opposite on the west.

Our back yard extends to the lake — it's real clear — I'll be taking a swim as soon as the cool spell is over. It got up to 71° in the shade today.

## Federal "Right To Work" . . .

President Kennedy has approved a policy, recommended by a special task force, which would permit federal employees to join or not to join unions, as they voluntarily choose. But strikes are forbidden, and so is any closed shop.

This decision automatically raises two points of great importance. The fact that a closed shop is prohibited brings federal policy, in this regard, into conformity with the right to work laws which exist in 17 states. These laws prevent either union or management from coercing a worker into joining or not joining any union.

The fact that strikes are forbidden should also bring about some careful thinking on the part of those labor leaders and spokesmen who favor government ownership of various commercial enterprises. A strike against government, obviously, amounts to insurrection and cannot be countenanced. So, inevitably, if the socializing process continues the freedoms and prerogatives of labor will gradually disappear.

What it adds up to is that labor can argue and deal with business on equal terms — and public opinion is behind this kind of arbitration as a principle. But no one can deal on equal terms with government. Its will is law, subject only to the constitutional processes of the republic.

## Medicine And World Peace . . .

A program to spread America's medical knowledge abroad is proposed as a contribution to world peace by Brigadier General James H. Forsee of the Army's Medical Research and Development Command.

Writing in the Journal of the American Medical Association, he suggests that medical schools of this country sponsor medical schools, hospitals and medical research in such areas as Asia, Africa, the Middle East and Latin and Central America. He envisions a medical foundation, endorsed by our government but supported by private funds, which would be established for this purpose.

In his words, "This could, aside from food, be the means of obtaining the highest respect and friendship from developing nations and concurrently be a major weapon in combating Communism. . . . Medicine is very much a 'person-to-person' program, often saving and prolonging life. Such experience is not soon forgotten."

Programs of this nature, he added, should be initiated only at the invitation of the foreign community and government concerned. He estimated the cost at one billion dollars for a 10-year period.

There are bound to be differences of opinion over the details of so ambitious an enterprise. But the thinking that lies behind General Forsee's proposal deserves wide understanding and consideration. The healers and helpers of the sick hold a special and high place in the hearts of peoples the world over. This kind of "private foreign aid" could produce enormous dividends for all.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

January 19, 1939

The article, "Memories of Grayling by Margrethe Hemmingson" appears in this and last week's edition of the Avalanche.

Sixty-three home economics students at Michigan State College will put on a collegiate style revue for the entertainment and information value it will present to rural women during the 24th annual Farmer's Week program at Michigan State College Jan. 30 to Feb. 3. Included among those who will model clothing is Jean Peterson of Grayling. To make the style revue more interesting, the modeling by the girls will be of

garments which they have planned and completed as part of their work in clothing classes.

Attorney Charles E. Moore was recently approached in the matter of accepting the position of assistant attorney general of Michigan. He was assured that he could have the place if he wanted it.

Judge Moore decided that he was carrying many important responsibilities here at home and that it would not be fair to his clients if he were to leave. Besides being the county probate judge, and having a substantial private practice, he is the city attorney.

Another big crowd of fishermen, even larger than the previous weekend, were on Houghton Lake last Sunday for pike, walleyes and blue gills. We are just wondering how long fishing is going to last with the increasing number of fishermen taking advantage of the open winter season, and what value summer resort property will have if something is not done to give the fish a vacation from the spear and hook and line "take 'em fish away, especially the pike, and Houghton Lake won't be much of an attraction. Property values and tax returns are something to be considered as well as the summer resorters' money that keeps the wheels of business and community in motion. — Roscommon Herald-News.

The first games of the pinocle tournament between members of the Masonic Lodge and Grayling Post 106 were played Tuesday night. Owing to a large number of other affairs being held, the same evening there were not so many out as expected, however, four tables were in play. The Masons won 24 games while the Legionnaires won 15, with a lot of close scores. The games next week will be played at Legion

Hall Monday night, and players are urged to be on hand at 7:30 o'clock. All Masons and Legionnaires are invited to participate in this tournament. If you like to play pinocle this is where you can find some right good partners. High scorers for the Legion were Wilfred Laurant and J. L. Martin, score 5040, and George Colleen and Carl Peterson for the Masons, score 5550.

The City fire department was called to Mercy Hospital this afternoon when fire was discovered in the annex. A spark from a stove had caught in a partition, causing some \$20.00 worth of damage.

This morning beats the so-far coldest morning this year of 2 below zero by 12 points, the mercury dropping to 14 below zero at 6 o'clock according to the report from the Grayling Fish Hatchery. At 8:30 the temperature seemed to be rising a little, it being 12 below then.

Ted Shaw and Mickey McClain entertained the Lake Margrethe residents at the Shaw home Sunday evening. The two fixed the lunch and really showed the women that they had a great deal of culinary art themselves.

Miss Evelyn Skingley, who has been attending Cleary Business College in Ypsilanti, has been fortunate in securing a secretarial position with the Gateway Inn Corporation in Detroit.

Mrs. Clara McLeod returned Saturday from an extended visit in Bay City with her daughter, Mrs. C. M. Woodbury, who with her husband accompanied Mrs. McLeod home and remained to spend the weekend.

An attractive center bouquet of pastel shades in a soft green pottery bowl made a lovely decoration for the long luncheon table at which the ladies of the Wednesday Bridge Club were seated at the home of Mrs. Roy Milnes Wednesday afternoon. Three tables were in play for contract

throughout the afternoon. High scores were held by Mrs. Enid Giegling, Mrs. C. G. Clippert, Mrs. Marjorie Hanson.

Spilke's Keg O' Nails has engaged the services of the "Three Deuces" orchestra and will have dancing every night.

46 YEARS AGO

January 20, 1916

School opened in the new school building Monday morning and both the pupils and the teachers are grateful for the change. During the past year school has been held in the G. A. R. hall, Danesbod Hall, M. E. and Presbyterian churches, Town Hall and the Temple theatre. Friday will be fittingly celebrated in a public way, the opening of the new school building. This happens to be the anniversary of the burning of the old building. The fire was discovered in the attic January 21, 1915, at the time that the pupils were all home to dinner. In just one hour the entire building was consumed by flames and only the charred ruins of the masonry, iron piping, etc., marked the place where it stood.

During the absence of Miss Martha Hatch from Sorenson Bros. Miss Signa Elstrom is filling her place as bookkeeper.

Fire, that is supposed to have started from an overheated stove, consumed the home of Joseph Fegelson on the South Side on Wednesday morning. The house and most of the furniture were a complete loss.

Oscar and Esbern Hanson and wives are attending the auto show at Detroit leaving for that city Wednesday.

Miss Fedora Montour entertain-

ed a few of her friends at her home Sunday evening in honor of her birthday anniversary.

Harold Swaffield has associated himself with Devere Burgess in the billiard parlor and is assisting in looking after business. The establishment has moved in to one of the new Victor Salling stores.

Miss Angeline Van Patten resumed her duties at the telephone office after being absent several weeks on account of illness.

A very enjoyable evening was spent Saturday at the Lovells home of Mr. and Mrs. Papenfus, by way of an old-fashioned dance. The crowd consisted of three sleighloads of people and all thoroughly enjoyed every minute while there. A very nice lunch was served at midnight.

Those who prepare for the summer days have been very busy the past week in Lovells putting up ice. T. E. Douglas has 1,500 fine cakes stored in his ice houses.

An enthusiastic annual meeting of the Grayling Board of Trade was held at the Temple Theatre Wednesday evening. The following directors were elected for the ensuing year: M. A. Bates, Marjorie Hanson, H. Joseph, James Sorenson, O. P. Schumann, A. M. Lewis, H. Peterson, P. G. Zalsman and C. J. Hathaway. H. Peterson was elected president, O. P. Schumann vice-president, and A. M. Lewis treasurer.

CASE OF THE EXPERIENCED SHOPPER

Car buyers who insist on buying on price alone are running the risk of coming out second best in a battle of wits with an unethical dealer.

F. C. Welsh How this can happen, even to a buyer who has some experience with the "tricks of the trade" in price shopping, was illustrated once again recently in a case involving a travelling salesman.

When this particular buyer received an allowance quote on his used car after his previous one from a competing dealer he was naturally pleased, though he suspected the figure might be a "highball." That's a fake high price allowance for his used car, offered in the hope of luring the shopper back to the dealer's premises after he has finished his shopping tour.

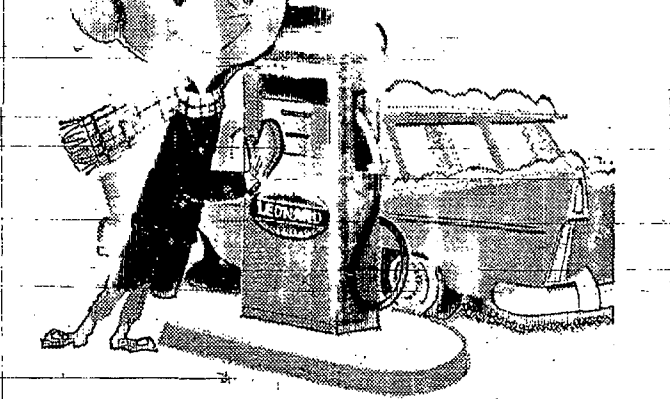

Cautiously, he had the salesman put the offer in writing.

He returned to the dealer some days later to pick up his new car after his price comparison tour convinced him that he was indeed getting a \$200 "bargain." It turned out the salesman had made a "mistake." The dealer couldn't possibly offer him that much, and, in any case, the offer hadn't been signed by the proper authority, they were sorry to say.

Meanwhile, our buyer had told his wife, friends and business associates how he had "saved" \$200 by some smart bargaining. Caught in the embarrassment of his own story, he bought the car at a price somewhat higher than a reputable dealer had offered him, rather than confess he had been outsmarted.

**Between The Bookends**  
CLOSER TO THE SUN by  
GEORGE JOHNSTON.  
On a Grecian Isle of Sileos  
are those who have come to stay,  
and those who visit. David and Kate  
Meredith fled to the Isle three  
years previous from a successful  
life in London - one that serious-  
ly challenged their marriage. David  
devoted himself to serious  
writing and Kate to her two chil-  
dren. They are achieving a hap-  
piness more profound than they  
had dared hope for. Yet all is not  
quite as it should be. Num-  
bering among the Meredith's fel-  
low expatriates are a retired  
British officer and his caustic yet  
wise wife, A tragic Czech refugee,  
and the beautiful Erica, who re-  
mains mysteriously apart in her  
villa, high above the sea. And  
then the outsiders arrive. Within  
hours the time of the Merediths  
seeds of discontent as carelessly  
and effectively as those carried  
by the wind and nurtured by the  
sun.

Mr. and Mrs. Mike Corwin were in Grayling from Tuesday to Thursday last week. They have been at Rose City since the early part of December due to the illness of Mrs. Corwin's mother, Mrs. Mary Flynn, who underwent surgery then, and was recovering well until a few days before Christmas when she suffered a stroke, which has kept her in the West Branch hospital ever since.

Mrs. Corwin is caring for her mother at the hospital, while Menno is keeping up the Flynn home and driving Mrs. Corwin to and from West Branch.

Mr. and Mrs. Mike Lapka spent several days recently visiting his nephew, Peter Lapka and family, in Port Huron.

### RADEA REPORTS ON CON-CON

D. Hale Brake, the able chairman of the important and hard working committee on Finance and Taxation took time from his busy schedule to give this week's report. Mr. Brake is a former State Treasurer, Attorney for the Sheriff's Association, Editor of the Court House Review and Director of the Education Division of the State Association of Supervisors.

"Practically everything in the Committee on Finance and Taxation is highly controversial. When you deal with such things as the earmarking of sales tax for schools and local units of government, the earmarking of the gas and weight tax, the 15 mill limitation, the provision for assessment at 100 per cent cash value, the uniformity clause, differences of opinion are the rule and not the exception, and this is to mention only a few of the controversial issues with which this committee deals."

"January is the month of decisions. As to many of these controversies we have not yet taken our position but in addition to having taken a definite stand on various sections having to do with state finances, record keeping, etc., we have reached a decision on the matter of state borrowing."

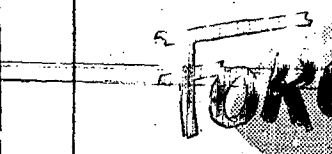

"The present Constitution restricts the state's borrowing to \$250,000.00 without a vote of the people. In a state that runs more than a billion dollars through its treasury in the course of a year, borrowing \$250,000.00 means nothing. The committee has asked the Convention to approve two kinds of state borrowing. The first is a short term proposition designed to enable the state treasurer to level off the high and low of a given fiscal year. It would authorize the Legislature to permit the treasury to borrow an amount which would not be more than 15 per cent of the revenues of the preceding year which were subject to legislative appropriation—not including any restricted funds such as the restricted sales tax and highways funds. This would amount to about \$50 or \$60 million for which the treasurer could pledge the state's full faith and credit by pledging future revenues and the debts would have to be paid from these revenues by the end of the fiscal year in which the borrowing took place."

"We are also recommending a provision for long term borrowing which would permit the Legislature by a 2/3 vote to authorize such long term borrowing but the bill would have to contain a provision for a referendum by the people and the borrowing would have to be approved by a majority of the voters voting on the question before it could take place. This, therefore, requires the same voting that we have required before when we borrowed to pay bonuses and build hospitals but involves this difference in the past the borrowing has been authorized by Constitutional amendments, and those amendments have stayed in the Constitution after the borrowing was all over and the money repaid. This procedure which we are recommending would put nothing in the Constitution but instead would be in the form of a Statute but still would not be effective unless approved by the voters themselves."

"We have also approved, in amendment form, the whole section 28 authorizing the state to loan money to hard-pressed school districts. This section 28 you will remember was just adopted by the people as a Constitutional amendment in November 1960."

"The question of a decision on earmarking funds will be one of the principal items of business in the week of January 9, and decisions on the property tax matters, such as the 15 mill limitation will be the principal order of business the following week."
